ASSEMBLY INSTRUCTION

ATTENTION

1. Please read through the instruction manual before attempting to assemble the product.
2. Please ensure that you follow the steps in the assembly instruction.
3. Please wear gloves (included) before you start to assemble your chair.
4. Please verify all the components and parts are intact before you start. If you find any defected parts, please contact us for repair/exchange.
5. The model displayed in this instruction may not look like your chair but the principle and method of assembly is the same regardless of model.
6. Please make sure all the bolts and screws are tightly installed before start using the chair.
7. The usage of the chair is restricted to sitting purposes, please do not stand on the chair, use the chair as a ladder or any actions other than sitting.
8. Do not sit or place any heavy objects on the armrest.
9. Avoid direct sunlight to prevent leather surfaces from color fading or bleaching and polymer from perishing.
10. Do not use adhesive or corrosive cleansing agents to prevent damage of the chair.
11. Keep the chair away from fire!
12. Use caution when you attempt to adjust the height of your chair and the position of the backrest.
13. The chair is only to be used by children with the monitor of adult.
